I prefer coffee ___ tea.

1. with
2. to
3. than
4. against

A 1

B 2

C 3

D 4

Instructions [21 - 25]

Read the following passage and answer the following question:

Over the last few years, the top technology companies of the Silicon Valley have been dominating headlines as the government has conducted more hearings and investigations into their business practices, particularly those that have allowed them to dominate consumers and the market. Despite these investigations, two business practices have yet to be questioned: the formation of product ecosystems and planned obsolescence. The former refers to a group "of several devices that "talk" to each other while the latter is "the phenomenon of deliberately shortening the durability of products." Additionally, there has not been an investigation into the relationship of these concepts with consumer rights.

Congress's amendment to the Federal Trade Commission Act in 1938 made 'unfair methods of competition in commerce, and unfair or deceptive acts or practices in commerce unlawful.' These concepts were expanded upon by President John F. Kennedy in a 1962 address to Congress in which he laid out four consumer rights: "the right to safety, the right to be informed, the right to choose and the right to be heard." Pertinent in this context, are the consumer rights to be informed and choose. The former requires the consumer be given "all facts they need to make informed choices" and be "protected against fraudulent, deceitful, or misleading information, advertising, labeling, or other practices." The latter requires the consumer have the ability to pick between "a variety of products and services at competitive prices."

For instance, the product XYZ offers a host of products, from the xPhone to the xMac to the X Watch, that each share information with the others. Consumers benefit from access to information on one product that was first input on a different product. This can also be to the detriment of consumers because information can only be transferred between products in the same ecosystem. This tactic makes it difficult for consumers to switch technology brands and for competitors to enter the market. Product ecosystems thus can into question a consumer's right to choose by restricting access to competing goods.

21. Read the given passage carefully and answer the questions that follow:

Which of the following products are not offered by XYZ?

- (A). xPhone
- (B). X Watch
- (C). iBoard
- (D). iSmart Home

Choose the correct answer from the options given below:

1. (A) and (B) only.
2. (C) and (D) only.
3. (A), (C) and (D) only.
4. (A), (B) and (C) only.

A 1

B 2

C 3

D 4

22. Read the given passage carefully and answer the questions that follow:

Which of the following statements from the passage are false?

- (A). Consumers benefit from access to information on one product that was first input on a different product.
- (B). There has been an investigation into the relationship of the concepts of product ecosystems and

planned obsolescence with consumer rights

(C). Congress's amendment to the Federal Trade Commission Act, in 1938 made unfair methods of competition in commerce unlawful

(D). The right to be heard equals the right to be protected against fraudulent, deceitful, or misleading information, advertising, labeling, or other practices

Choose the correct answer from the options given below:

1. (A), (B) and (D) only
2. (B) and (C) only
3. (A) and (D) only
4. (B) and (D) only

- C** 3
- D** 4

55. Read both the statements and decide which of the following answer choice correctly depicts the relationship between these two statements

Statement I: Senior citizens of the city have complained about the late night disturbance caused due to loudspeakers used during festivals

Statement II: Though, the Government has issued a directive banning late night celebrations involving use of loudspeakers, It is not being strictly followed in some of the areas

1. If statement (I) is the cause and statement (II) is its effect.
2. If statement (II) is the cause and statement (I) is its effect.
3. If both the statements (I) and (II) are independent causes.

4. If both the statements (I) and (II) are effects of some common cause.

- A 1
- B 2
- C 3
- D 4

CUET PG Syllabus

56. Which statement is/are enough to give the answer of the question In how many days can 16 men and 8 women together complete the piece of work?

- (A) 8 men complete the piece of work in 10 days.
- (B) 16 women complete the piece of work in 10 days.
- (C) 5 women take 32 days to complete the piece of work.

Choose the correct answer from the options given below:

- 1. Only (A) and (C)
- 2. Only (B) and (C)
- 3. Only (A) and (B)
- 4. Only (A) and either (B) or (C)

- A 1
- B 2
- C 3
- D 4

57. ' $A + B$ ' means 'A is the husband of B',

$\frac{A}{B}$ means 'A is the sister of B' and

' $A \times B$ ' means 'A is the son of B',

which of the following shows 'P is the daughter of Q'?

- 1. $P \times S \times Q$
- 2. $S \times Q + \frac{R}{P}$
- 3. $Q + R \times P$
- 4. $R \times \frac{Q}{P}$

- A 1
- B 2
- C 3
- D 4

58. Which number will come next in the series:

4, 10, 19, 40, 79, 160, ?

- 1. 310
- 2. 320
- 3. 315
- 4. 319

Symbol based

Which Conclusion Would Follow On The Basis Of Statement:

Directions-

Symbols @, %, #, \$, * are used with different meanings as explained below-

'P @ Q' means 'P is not greater than Q'.

'P % Q' means 'P is neither greater than nor equal to Q'

'p # Q' means 'P is neither smaller than nor equal to Q'

'p \$ Q' means 'p is neither smaller than nor greater than Q'.

'p * Q' means 'p is not smaller than Q'

59. Statements- N % R, R @ K, K # F.

Conclusions-

I. R @ F

II. R # F

1. If only conclusion I is true
2. If only conclusion II is true
3. If either conclusion I or II is true
4. If neither I nor II is true

- A 1
- B 2
- C 3
- D 4

60. Statements- H * D, D # R, R @ L

Conclusions-

I. L @ H

II. H # R

1. If only conclusion I is true
2. If only conclusion II is true
3. If either conclusion I or II is true
4. If neither I nor II is true

- A 1
- B 2
- C 3

Instructions [61 - 65]

Study the given pie chart and answer the five questions that follow.

The given pie chart shows the percentage distribution of number of different types of chocolates distributed by Ankit

Total number of chocolates distributed = 280

Percentage distribution of the types of chocolates distributed

■ Dairy Milk ■ 5-Star ■ Snickers ■ Mars ■ Twix

61. Find the ratio of number of chocolates of 5-Star and Mars taken together to the number of chocolates of Dairy milk and Twix taken together?

1. 10:7
2. 7:8
3. 8:11
4. 11:12

- A 1
- B 2
- C 3
- D 4

CUET PG Crash Course

62. The number of chocolates of Snickers distributed by Ankit is what percentage more or less than the number of chocolates of 5-Star distributed by Ankit?

1. 25% less
2. 25% more
3. 15% less
4. 35% less

- A 1
- B 2
- C 3

D 4

63. The number of chocolates of Mars distributed by Ankit is what percentage more or less than the number of chocolates of 5-Star distributed by Ankit?

1. 50% less
2. 50% more
3. 40% more
4. 60% more

A 1

B 2

C 3

D 4

64. The average number of chocolates of Dairy Milk, 5-star and Mars taken together is equal to number of chocolates distributed of which of the given type?

1. Dairy milk
2. Snickers
3. Mars
4. Twix

A 1

B 2

C 3

D 4

CUET PG Mock Tests (COQP12)

65. The ratio of price of one Dairy milk and one Snickers is 5:4 respectively, and total amount spent by Ankit on Dairy milk and Snickers is Rs. 2072 Find the price of 3 Dairy milk and 5 Snickers?

1. 100
2. 120
3. 130
4. 140

A 1

B 2

C 3

D 4

66. Choose from the four diagrams given below, the one that illustrates the relationship among: Languages, French, German

1.

2.

3.

4.

A 1

B 2

C 3

D 4

67. A survey was conducted on a sample of 1000 persons with reference to their knowledge of English, french and German . The results of the survey are presented in the given Venn diagram. The ratio of the number of the persons who do not know any of the three languages to those who know all the three languages is:

1. $\frac{1}{27}$
2. $\frac{1}{25}$
3. $\frac{1}{550}$
4. $\frac{175}{1000}$

A 1

B 2

C 3

Free CUET PG Mock Test (COQP12)

68. Which statement is enough to give the answer of question.

A and B together can complete a work in 8 days. B alone can do it in 20 days. What part of the work was carried out by A?

Statement-

I. A completed the job alone after A and B worked together for 5 days.

II. Part of the work done by A could have been done by B and C together in 6 days

1. If the data in statement I alone are sufficient to answer the question, while the data in statement II alone are not sufficient to answer the question
2. If the data in statement II alone are sufficient to answer the question, while the data in statement I alone are not sufficient to answer the question
3. If the data either in statement I alone or in statement II alone are sufficient to answer the question.
4. If the data in both the statements I and II together are necessary to answer the question.

A 1

B 2

C 3

D 4

69. Which statement is enough to give the answer of question.

The average age of teacher and students in a class is 3 years more than the average age of students. What is the age of the class teacher?

Statement-

I. There are 11 students in the class.

II. The average age of teacher and students is 14 years.

1. If the data in statement I alone are sufficient to answer the question, while the data in statement II alone are not sufficient to answer the question.
2. If the data in statement II alone are sufficient to answer the question, while the data in statement I alone are not sufficient to answer the question
3. If the data in both the statements I and II together are necessary to answer the question
4. If the data in both the statements I and II together are not sufficient to answer the question

A 1

B 2

C 3

D 4

70. Which statement is enough to give the answer of question.

Among M, N, T, R and D each having different age, who is the youngest ?

Statements-

I. N is younger than only D among them.

II. T is older than R and younger than M

1. If the data in both the statements I and II together are necessary to answer the question.
2. If the data in statement I alone is sufficient to answer the question, while the data in statement II alone is not sufficient to answer the question

3. If the data in statement II alone is sufficient to answer the question, while the data in statement I alone is not sufficient to answer the question
4. If the data either in statement I alone or in statement II alone is sufficient to answer the question

- A 1
- B 2
- C 3
- D 4

CUET PG Syllabus

Instructions [71 - 75]

Answer the questions based on the line graph below.

Ratio of Exports to Imports (in terms of money in crores) of two companies over the years.

71. If the imports of company A in 1997 were increased by 40 percent, what would be the new ratio of exports to the increased imports?

1. 5:4
2. 2:3
3. 2:5
4. 3:5

- A 1
- B 2
- C 3
- D 4

72. If the imports of company B in 1997 were increased by 50%, what would be the ratio of exports to the increased imports?

1. $\frac{1}{3}$
2. $\frac{1}{4}$
3. $\frac{2}{5}$
4. $\frac{2}{3}$

- A 1
- B 2
- C 3
- D 4

73. In how many of the given years were the exports more than the imports for company B?

- 1. 1
- 2. 2
- 3. 3
- 4. 4

- A 1
- B 2
- C 3
- D 4

CUET PG Previous Year Question Papers PDF

74. If the exports of company A in 1998 were Rs.237 crores, what was the amount of imports in that years?

- 1. Rs.310 crores
- 2. Rs.312 crores
- 3. Rs.316 crores
- 4. Rs.320 crores

- A 1
- B 2
- C 3
- D 4

75. In how many of the given years were the exports more than the imports for company A?

- 1. 2
- 2. 3
- 3. 4
- 4. 5

- A 1
- B 2
- C 3
- D 4
